Instructions for Sender of Message:

Provide the FIRST NAME and LAST NAME of the person you want the message sent to.

Provide their complete STREET ADDRESS.

Provide the CITY, STATE, and ZIP CODE.

Provide their PHONE NUMBER, which may be their home number or cell phone number.

Provide their EMAIL ADDRESS if they have one.

PICK ONE of the messages you would like to send by checking the appropriate box. Fill in any blanks for the message you picked.

At the bottom of the form, PRINT YOUR NAME, TODAY'S DATE, YOUR PHONE NUMBER, and SIGN the form. No message can be sent without this information.

There is no promise of delivery of this message. We will make every attempt to deliver to the person you indicate, but due to the conditions caused by this emergency situation, we can not guarantee delivery.

Instruction for Amateur Radio Operator:

Log this message and put it's control number in the space labeled MESSAGE NUMBER in the preamble.

Put YOUR CALL SIGN in the space labeled STATION OF ORIGIN.

Under CHECK, following the prefix ARL put the number of words in the message selected by the sender (normally that's "2") but may be "3" in the case of message numbers three and four.

Put a one word name of the shelter from which you are operating in the PLACE OF ORIGIN.

Put the time in hours and minutes in TIME SENT when you actually send the message on the net. Use local time.

Put the date (Month and Day) in the DATE block. <u>Use the date you</u> actually send the message on the net.

SEND the message on the Seminole VHF Traffic Net by checking in (with outgoing traffic) at 7:15PM local time on 147.285 repeater, +600 offset, 107.2 Hz Tone.
